Commentary

Editorial method

Scanned file corrected from Rokseth. Rhythmic durations augmented following our project's transcription conventions. Pitches, rhythms and mensural notation features checked and corrected against manuscript source. Text follows Mo.

Notes on the readings

Bar numbers refer to the transcription. "4.2" is bar 4, second note. Tr = triplum, Mot = motetus, Ten/T = tenor.

- Mot 49.1-2 notated as 2-note c.o.p. but should be a 2-note ligature without perfection (B-B), which is how Rokseth interprets it
- 50.1 notated as a B in manuscript
- Ten 5.1 Rokseth interprets as a plicated L but here interpreted as stem reaffirming L as the last note of the ligature
