Commentary

Editorial method

Scanned file corrected from PMFC. Rhythmic durations augmented following our project's transcription conventions. Pitches, rhythms and mensural notation features checked and corrected against manuscript source. Text follows PMFC edition.

Edited by Karen Desmond; encoded by Sam Howes (2016); proofread by Emily Hopkins, Sam Howes and Karen Desmond (2017). Encoding and commentary from *Measuring Polyphony: Digital Encodings of Late Medieval Music* (CC BY 3.0).

Texts

Triplum

Zolomina zelus virtutibus viciorum cui carentibus nil aliud fit in juventibus nec argute prodolor senibus cogitare passionem preterquam sustinet ingenium quod totum retinet et in prole bonum se seminet; heu nititur sensus ut eminet execare. Nam per Thamar et Amon patuit palam fratrem qui mortem tenuit, ab Absalon Urie sio fuit, per Bersabe David hoc placuit perpetrare. Per se virtus nec obliviscitur Herodia per quam perficitur creatura nec non et spernitur penuria que veredicitur superare conviviis per abstinenciam, ciliciis per acrimoniam, vigiliis per penitenciam, donis suis per afluentiam liberare; respuit hoc actus superbie similiter ac avaricie desponsate non qui Bel filie vult effectus grates luxurie discipare pascienti sed et disponito nam qui forme sunt nec in merito delicate palpat se que cito qui vicia vult ita subito superare; propter hoc sum deditus acriter relinquendo terrena firmiter zelo novo danti finaliter summum bonum nam polo leviter execare.

Motetus

Nazarea que decora bonitate qui fulgora tu nam virgo peperisti templum pa cis Romanorum per ydolorum suorum, tunc desponsaverunt isti, preparerunt veritatem; tuam rogo potestatem, prestigium cum quo terrenum viget per quem desolatur, ut cor meum teneatur, per amoris tui frenum.

Tenor

Ave maria
