Commentary

Editorial method

Scanned file corrected from PMFC. Rhythmic durations augmented following our project's transcription conventions. Pitches, rhythms and mensural notation features checked and corrected against manuscript source. Text follows PMFC edition.

Notes on the readings

Bar numbers refer to the transcription. “4.2” is bar 4, second note. Tr = triplum, Mot = motetus, Ten/T = tenor.

- Tr 42.2 change to c2 clef
- Mot 26.1 d in MS

Edited by Karen Desmond; encoded by Emily Hopkins (2016); proofread by Emily Hopkins, Sam Howes and Karen Desmond (2018). Encoding and commentary from *Measuring Polyphony: Digital Encodings of Late Medieval Music* (CC BY 3.0).

Texts

Triplum

Almifonis me los cum vocibus matrem Christi, cum multiplicibus, oyadoni decem generibus nunc psallere, cuius plures volunt asserere corpus almum redigi cinere, horum tuum fateor credere contrarium Nam mundavit istam flamen pium, quid integrum matrem et filium esse fecit, quod nullum vicium non segregat Ergo cinis istos no disgregat quos spiritus sanctus sic agregat, hoc unio carnis non denegat. Hinc novisti, nam de carne matris caro Christi, sed regnantem celi hunc audisti. Ergo mater secum debet sisti. Mox legitur quod defuncta virgo seprelitur, sed in terris nusquam reperitur, quo sic raptum corpus hoc vescitur multi polo. Hoc credere semper volo, nam si pars esset in solo cum vermibus atque pars cum celestibus glorificata civibus, vane pia tota repleta gratia dicatur virgo Maria, sed est tota plena, pulchra, fece lota. Ergo non est vermi nota velut lingna caro tua; virgo digna defenderis nobis signa, O dulcis, O pia, O benigna.

Motetus

Rosa sine culpe spina per quam patet lex divina, stella Maria maris, mundi salus et regina, mundum mundans a sentina, sydus jam solem paris; stella rubens matutina via vite medicina, portusque salutaris, aurem nobis hunc inclina ut nos serves a ruina parens et expers paris Revelatrix pauperum, superatrix onerum atque sordis veterum medicatrix vulnerum auge, pia, munerum ac virtutum numerum, rogans regem superum ne nos premat iterum feda moles scelerum.
